

AUTOMATED DAILY PICKS • DELIVERED STRAIGHT TO DISCORD

Turn your Discord into a daily-edge machine.

Every morning we push algorithm-built player-prop & main-line picks into your channels — fully automated, on live sports data, with optional real-time grading. Give your members a premium edge while **you** run leaner on cappers.

01 Fully automated, every morning

Picks post to your channels on schedule — zero manual work. Set it once and it runs itself daily.

02 Custom algorithms on live data

Build custom models on our live sports feed and pipe the best picks straight into any channel.

03 Live grading, in real time

Optional auto-grading marks every pick HIT or LOSS as games play out — no spreadsheets, no debates.

80%+

PLAYER-PROP ACCURACY

Live channels running our models hit **80%+ on player props** — driving standout ROI while owners rely on **far fewer cappers**.

Simple, per-channel pricing

PER CHANNEL / MO

\$99.99

Automated daily picks in your channel.

+ LIVE GRADING / MO

\$24.99

Optional real-time HIT / LOSS grading.
